

# Come Celebrate on April 16th!!

*It all started when the average cost of a new house was \$5,600, average wages were \$2,500 (yes, a year), gas was 15 cents a gallon, coffee was 85 cents for 2 pounds, a new car was \$1,120 and the first electric blanket came out. **1946 was the debut of the Chicago Bolt, Nut & Screw Association.** Some probably wondered if this would be a short-lived men's club. Fast forward, time has come to prove this was a group with a purpose and the energy, ambition, and dedication to continue for many years. This dedication has created many years of history and many great contributors to the CBNSA, now known as the Mid-West Fastener Association.*

*This year, being the celebration of our 74th anniversary, we will be inducting our remaining CBNSA presidents into the CBNSA Hall of Fame (which was founded many years ago). While this is open to all, we hope to have many past Board Members attend as well as members who have been part of the CBNSA and MWFA. This event precludes an even bigger event to come in 2021 when we celebrate 75 years!!*

*Please reach out to your fastener friends as well as those who you may know who have left the industry but enjoyed years of CBNSA/MWFA. We'll have past presidents to speak of the CBNSA years sharing interesting and fun stories. It will be an awesome evening of special memories and an opportunity to create new ones. Come enjoy this special social event whether you've been part of the CBNSA, MWFA or both.*

**Join Us** April 16th  
**Time** 6:00 p.m. 2 Hour Open Bar  
7:00 p.m. Dinner  
**Venue** Venuti's Restaurant & Banquet Hall
